

Install Keil MDK Version 5

- Download and install the MDK Core from www.keil.com/mdk5/install

Add Software Pack using the Pack Installer

- **Keil::STM32LIxx_DFP** – STMicroelectronics STM32LI Series Device Support
- **Keil::STM32NUCLEO_BSP** – STMicroelectronics NUCLEO Board Support

Power up the board

- Do **not** connect the board to the PC! Go to C:\Keil_v5\ARM\STLink\USBDriver and double-click **stlink_winusb_install.bat** to install the drivers for the on-board USB ST-Link/V2.
- Connect a USB power supply **USB ST-Link/V2** port to the computer using a Mini USB cable. Windows recognizes the ST-Link/V2 device and installs the drivers automatically.

Verify Installation using example projects provided in the Software Pack

- Copy an example using the Pack Installer. Compile, download to Flash, and debug the application. The provided examples are ready to run.
